## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-17 are allowed.

### ***Election/Restrictions***

Applicant's election with traverse of Group I in the reply filed on 8/4/05 is acknowledged. The traversal is on the ground(s) that the inventions are sufficiently related so that a search for both at the same time is required. This is not found persuasive because the particulars of the subcombination are not required for allowability of the combination.

The requirement is still deemed proper and is therefore made FINAL.

This application is in condition for allowance except for the presence of claims 18-20 to an invention non-elected with traverse in the reply filed on 8/4/05. Applicant is given Two Months to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

This application is in condition for allowance except for the following formal matters:

Cancellation of non-elected claims.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
